DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. William Vobach (Reg. No. 39411) on 11/21/06.

The application has been amended as follow:

Claims 15-16 have been canceled.

Claim 14 line 2, change "having a row pitch and spacing between cells in at least one row of said standard cell array" to --, **wherein said rows of cells have a row pitch defining the spacing between said row of cells and wherein at least one row of said standard cell array comprises spacing between cells in said at least one row--.**

Claim 14 line 3, change "and a MACRO, embedded within the standard cell array, comprising rows of cells having pitch substantially equal to the row pitch" to --

a MACRO embedded within said standard cell array, wherein said MACRO comprises rows of cells having a MACRO row pitch substantially equal to said row pitch of said standard cell array and wherein said MACRO comprises a predetermined layout;

a power bus Vdd feeding cells of said MACRO and said standard cell array;

a power bus Vss feeding cells of said MACRO and said standard cell array;

Art Unit: 2825

wherein said power busses Vdd and Vss are aligned to said cells of said MACRO and aligned to said cells of said standard cell array--.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

1. Claim 14 is allowed because the prior art does not teach or suggest a integrated circuit, comprising: a standard cell array comprising rows of cells, wherein said rows of cells have a row pitch defining the spacing between said row of cells and wherein at least one row of said standard cell array comprises spacing between cells in said at least one row; a MACRO embedded within said standard cell array, wherein said MACRO comprises rows of cells having a MACRO row pitch substantially equal to said row pitch of said standard cell array and wherein said MACRO comprises a predetermined layout with the combination of all other features corresponding to the independent claim.
2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".

Art Unit: 2825
